Our Business Continuity Plan: We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment and protecting the Firm's book and records. In short, our Business Continuity Plan is designed to permit our Firm to resume operations as quickly as possible, given the scope and severity of the significant business disruptions.

Our Business Continuity Plan addresses: data back-up and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; bank impact, regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.
